## LANDS END RESTAURANT

*On Sunborn London we value traditions and believe the importance of knowledge of the local heritage. Therefore we have named our restaurant Lands End – name given to Victoria Docks area by George Bidder in 1840's.*

It was in the mid-1800s that the Victoria Docks came to life. In 1847 the well-known Victorian engineer George Bidder completed his railway from Stratford to North Woolwich. This new line was south of Canning Town followed the line of what is now Silvertown Way and North Woolwich Road, was called "Bidders Folly" because it passed through completely undeveloped marshland. George Bidder sensed the potential of the area and soon he had bought up the whole of the marshes between Bow Creek and Galleons Reach. He called the area "Lands' End" and soon his investment was showing a handsome return as the land was sold for the docks and for a belt of factories along the River.
